SHARPE GROUP®

Software Development Specialist

Invitation

Join Sharpe Group to introduce the latest technology applications and services to make a meaningful difference and ensure long-term sustainability of nonprofits across America. Sharpe Group founded in 1963 is located in Memphis, TN.

Who is Sharpe Group?

Sharpe Group and its consultants help nonprofits raise large gifts through our unique approach, ensuring the financial longevity of thousands of America's educational, healthcare, religious, social service and cultural institutions. Sharpe Group provides major gift consulting, technology-enhanced donor communication services (print and digital, video storytelling, mobile messaging, websites, etc.), Artificial Intelligence donor analytics and fundraising training to nonprofits of all sizes throughout the United States.

SOFTWARE DEVELOPMENT SPECIALIST
